Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

Take "Dodson's Liver Tone" Instead!

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel, just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate. Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

That Morning Lameness

If you are lame every morning, and suffer urinary ills, there must be a cause. Often it's weak kidneys. To strengthen the weakened kidneys and avert more serious troubles, use Doan's Kidney Pills. You can rely on Louisa testimony.

Osburn G. Smith, ex-city marshal, Franklin St., Louisa, says: "When my back first began hurting me, I didn't know it was kidney trouble; I thought it was due to over-work but it kept on aching and paining until I felt so tired and miserable, I knew it couldn't be anything but my kidneys. I am on my feet constantly and subject to bad weather and this aggravated the complaint. Sometimes my back was so sore and stiff, I could hardly stoop and at night, I could hardly get around. Two boxes of Doan's Kidney Pills, procured at Louisa Drug Co.'s store cured me. My back has been strong since and hasn't bothered me."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Smith had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

How many readers of the NEWS, especially former citizens of Lawrence county know that you should support the county weekly paper. A county weekly depends upon the people of its county for its support, and if everyone doesn't subscribe for and help the editor make a good paper they can't expect to have a county paper that they are proud of.

Most county papers club with a daily so you can subscribe for your county weekly and a daily at one time. Every farmer should subscribe for his county paper and the best farm paper he knows about.

Talk about adventures!

Men in the Navy come home with the kind of experiences that most chaps read of only in the books.

Here's your chance!

Uncle Sam has, as you know, a big Navy and gives red-blooded young fellows like you an opportunity to step aboard and "shove off."

What will you get out of it?

Just this:

A chance to rub elbows with foreign folk in strange parts of the world.

The chance for good honest work on shipboard—the kind of work that teaches you something real; the kind of work that puts

beef on your shoulders and hair on your chest.

You will get 30 care-free vacation days a year, not counting shore leave in home or foreign ports.

You will have the kind of comradeship in travel that sailors know.

You will have regular pay over and above your meals, lodging and your first uniform outfit—good stuff all of it.

You can join for two years. When you get through you'll be physically and mentally "tuned up" for the rest of your life. You'll be ready through and through for SUCCESS.

There's a Recruiting Station right near you. If you don't know where it is, your Postmaster will be glad to tell you.

To any Father and Mother—

In the Navy your boy's food, health, work and play, and moral welfare are looked after by responsible experts.
